The PSG Equity Fund has a Total Expense Ratio (TER) as listed above. For the period from 1 January 2014 to 31 December 2014 on an annualised basis, the above percentages of the average Net Asset Value of the portfolio was incurred as charges, levies and fees. A higher TER ratio does not necessarily imply a poor return, nor does a low TER imply a good return. The current TER cannot be regarded as an indication of future TER's.

### INVESTMENT OBJECTIVE

The fund is a general equity fund and the manager in selecting securities for the portfolio, will seek to offer investors long-term capital growth and earn a higher rate of return than that of the South African equity market as represented by the All Share Index including income, without assuming a greater risk.

### INVESTMENT POLICY

In order to achieve these main objectives the investments to be acquired for the PSG Equity Fund shall comprise a mix of securities and assets in liquid form, all to be acquired at a fair market value. The portfolio will hold a minimum of 75% of the market value of the portfolio in equities at all times.

### ASSET ALLOCATION

### HOW THE FUND HAS PERFORMED SINCE 1 March 2002

Collective Investment Schemes in Securities (CIS) are generally medium to long-term investments. The value of participatory interests (units) may go down as well as up and past performance is not a guide to the future. CIS are traded at ruling prices and can engage in borrowing and script lending. Fluctuations or movements in the exchange rates may cause the value of underlying international investments to go up or down. A schedule of fees and charges and maximum commissions is available on request from PSG Collective Investments Limited. Commission and incentives may be paid and if so, are included in the overall costs. Forward pricing is used. The portfolios may be capped at any time in order for them to be managed in accordance with their mandate. Different classes of Participatory Interest can apply to these portfolios and are subject to

different fees and charges. Figures quoted are from Source: 2015 Morningstar Inc. All rights reserved as at end of February 2015, for a lump sum using NAV-NAV prices net of fees, includes income and assumes reinvestment of income. PSG Collective Investments Limited is a member of the Association of Savings and Investments South Africa (ASISA) through its holdings company PSG Konsult Limited. PSG Collective Investments does not provide any guarantee either with respect to the capital or the return of the portfolio. As foreign securities are included in the portfolio, the portfolio is exposed to risks such as potential constraints on liquidity and the repatriation of funds; macroeconomic, political, foreign exchange, tax, settlement and potential limitations on the availability of market information.

#### Conflict of Interest Disclosure

The Fund may from time to time invest in a portfolio managed by a related party. PSG Collective Investments Limited or the Fund Manager may negotiate a discount in fees charged by the underlying portfolio. All discounts negotiated are re-invested in the Fund for the benefit of the investor. Neither PSG Collective Investments Limited nor PSG Asset Management retains any portion of such discount for their own accounts. PSG Asset Management (Pty) Ltd (FSP no 29524) and PSG Collective Investments Limited are subsidiaries of PSG Group Limited. ### ASSET ALLOCATION

### HOW THE FUND HAS PERFORMED SINCE 19 October 1998

A constant price will be maintained. Past performance is not necessarily a guide to future performance. CIS can engage in borrowing and script lending. A schedule of fees and charges and maximum commissions is available on request from PSG Collective Investments Limited. Commission and incentives may be paid and if so, are included in the overall costs. Forward pricing is used. The portfolios may be capped at any time in order for them to be managed in accordance with their mandate. Different classes of Participatory Interest can apply to these portfolios and are subject to different fees and charges. Figures quoted are from Source: 2015 Morningstar Inc. All Rights Reserved as at end of February 2015, for a lump sum using NAV-NAV prices net of fees, includes income and assumes reinvestment of income distributions. The yield is calculated by annualizing the average 7 day yield.

A money market portfolio is not a bank deposit account; the price of a participatory interest is a marked-to-market value or targeted at a constant value; excessive withdrawals from the portfolio may place the portfolio under liquidity pressures; and that in such circumstances a process of ring-fencing of withdrawal instructions and managed pay-outs over time may be followed. The total return to the investor is made up of interest received and any gain or loss made on any particular instrument; and that in most cases the return will merely have the effect of increasing or decreasing the daily yield; but that in the case of abnormal losses it can have the effect of reducing the capital value of the portfolio. PSG Collective Investments Limited does not provide any guarantee either with respect to the capital or the return of the portfolio.

PSG Collective Investments Limited is a member of the Association of Savings and Investments South Africa (ASISA) through its holdings company PSG Konsult Limited.

**Conflict of Interest Disclosure:** PSG Asset Management (Pty) Ltd (FSP no 29524) and PSG Collective Investments Limited are subsidiaries of PSG Group Limited.

The PSG Global Equity Feeder Fund has a Total Expense Ratio (TER) as listed above. For the period from 1 January 2014 to 31 December 2014 on an annualised basis, the above percentages of the average Net Asset Value of the portfolio was incurred as charges, levies and fees. A higher TER ratio does not necessarily imply a poor return, nor does a low TER imply a good return. The current TER cannot be regarded as an indication of future TER's.

### INVESTMENT OBJECTIVE

The fund aims to outperform the average of the world's equity markets, as represented by the MSCI World Free NR USD Index (in ZAR) (the "Benchmark").

### INVESTMENT POLICY

The PSG Global Equity Feeder Fund is a Rand denominated Equity Feeder Fund, feeding solely into the PSG Global Equity Sub-Fund, a sub-fund of PSG Global Funds Sicav p.l.c. The portfolio's investment strategy will attempt to reduce the comparative risk of loss over an investment period of 4 or more years. The portfolio aims to achieve capital growth over the long term, with the generation of income not being a main objective of the portfolio.

### WHO SHOULD INVEST?

Investors who:  
 Seek an equity-focused portfolio that has outstanding growth potential  
 Aim to maximize potential returns within an acceptable risk profile  
 Focus on a long-term investment horizon

### HOW THE FUND HAS PERFORMED SINCE 3 May 2011

Collective Investment Schemes in Securities (CIS) are generally medium to long-term investments. The value of participatory interests (units) may go down as well as up and past performance is not a guide to the future. CIS are traded at ruling prices and can engage in borrowing and script lending. A feeder fund is a portfolio that, apart from assets in liquid form, consists solely of participatory interests in a single portfolio of a collective investment scheme. Fluctuations or movements in the exchange rates may cause the value of underlying international investments to go up or down. A schedule of fees and charges and maximum commissions is available on request from PSG Collective Investments Limited. Commission and incentives may be paid and if so, are included in the overall costs. Forward pricing is used. The portfolios may be capped at any time in order for them to be managed in accordance with their mandate.

Different classes of Participatory Interest can apply to these portfolios and are subject to different fees and charges. Figures quoted are from Source: 2015 Morningstar Inc. All rights reserved as at end of February 2015, for a lump sum using NAV-NAV prices net of fees, includes income and assumes reinvestment of income. PSG Collective Investments Limited is a member of the Association of Savings and Investments South Africa (ASISA) through its holdings company PSG Konsult Limited. PSG Collective Investments does not provide any guarantee either with respect to the capital or the return of the portfolio. A feeder fund is a portfolio that invests in a single portfolio of a collective investment scheme, which levies its own charges and which could result in a higher fee structure for the feeder fund.

#### Conflict of Interest Disclosure

The Fund may from time to time invest in a portfolio managed by a related party. PSG Collective Investments Limited or the Fund Manager may negotiate a discount in fees charged by the underlying portfolio. All discounts negotiated are re-invested in the Fund for the benefit of the investor. Neither PSG Collective Investments Limited nor PSG Asset Management retains any portion of such discount for their own accounts. PSG Asset Management (Pty) Ltd (FSP no 29524) and PSG Collective Investments Limited are subsidiaries of PSG Group Limited. The Fund Manager may use the brokerage services of a related party, PSG Securities Ltd.
