COMMENTARY

PSG KONSULT DELIVERED A SOLID 16% RATE OF GROWTH IN RECURRING HEADLINE EARNINGS PER SHARE AND RETURN ON EQUITY OF 25%

THE BOARD OF DIRECTORS IS PLEASED WITH THIS SET OF RESULTS

The business environment during this period was challenging and occurred during a period of poor investment market conditions. Shareholder, insurance float and client assets nevertheless benefited from being favourably positioned. This resulted in increased investment income on shareholder and insurance float assets. Total assets under management increased to R175.3 billion, comprising managed assets of PSG Wealth and PSG Asset Management of R142.2 billion and R33.1 billion respectively. PSG Asset Management experienced increases in performance fees due to delivering top-quartile performance for clients during the year under review. Our positioning always takes account of the fact that markets can be unpredictable.

The majority of the performance fees earned by the Asset Management division occurred during the second half of the financial year. We always attempt to take a conservative approach to provisioning in the first half of each financial year until we re-evaluate the full year-end result and after considering all the qualitative and quantitative risk factors affecting that full year audited result. Profits were therefore better in the second half of the year.

Technology costs rose significantly during the past year as we decided to accelerate investment, especially within our Wealth business, given the opportunities we see. Our client-centric focus is on straight through processing from the initial advice stage to the reporting stage. We believe this will build durable competitive advantage. To that end further significant technology cost increases are planned for the next financial year.

PSG Wealth

PSG Wealth achieved recurring headline earnings growth of 1%

We are satisfied with this result in the context of the muted market value increase in local assets linked to the FTSE/JSE ALSI index being up by a modest 4%. The strengthening of the rand resulted in international assets being down in rand terms. Management and other fees increased by 11% as the business continues to focus on recurring income and reduce its reliance on cyclical transactional brokerage fees. These brokerage fees declined by 8% during the current year under review. The cost base of the division increased by 26% as we strengthened both our information technology (IT) and investment research teams, accelerated our investment in developing technology, and at the same time, fully expensed the remaining carrying value of all legacy technology development costs that had been capitalised up until 2014. This means we no longer have any deferred technology development costs. A combination of the above factors offset the additional revenue which stemmed from the net inflows of R13.4 billion.

We remain confident of the fundamentals and future prospects of this division, and believe that our advisers and clients can only gain, over the long term, from the current client-centric digital projects we have embarked upon. We are particularly pleased with the division's formidable financial adviser network that grew by 7%, through both organic and selective adviser acquisitions, to 515 advisers. The experience and stature of the advisers joining the firm continues to add credibility to the growing brand equity. We continue to gain market share with Wealth's platform assets increasing by 15% to R38.0 billion and our managed assets increasing by 13% to R142.2 billion.

PSG Asset Management

PSG Asset Management's recurring headline earnings grew by 57%

The excellent results generated by this division is testimony to the team's ability to generate alpha across all asset classes. Our fund range top-quartile risk-adjusted investment returns for clients during the year under review has further augmented our excellent long-term investment track record. Client assets under management increased by 19% to R33.1 billion. This included R2.6 billion of positive net client inflows predominately into our higher margin multi-asset funds and mainly from our selected retail target market. The excellent investment returns enabled us to earn higher performance fees this year. These fees align our interests with those of our clients. This more than compensated for the small loss of income which arose from the previously communicated decision to exit white labels to reduce operational risk. We remain confident and optimistic over the long-term growth prospects for this business.

PSG Insure

PSG Insure achieved recurring headline earnings growth of 70%

The group is especially pleased with this achievement. This is against the backdrop of a particularly difficult industry environment. This division, which is in an early growth phase, continues to make inroads into the highly competitive short-term insurance market and gains further benefits from economies of scale. It achieved revenue growth of 19% compared to the prior year. It continued with its shift away from commoditised personal lines' to the commercial lines' side of the business which requires specialised adviser expertise. The comprehensive reinsurance programme reduced the impact of catastrophic and other related events that occurred during this year. This, when combined with our quality underwriting practices, enabled us to achieve an excellent net underwriting margin of 9.7%. The insurance advisers, which now total 229, continue to gain market share on the commercial lines side which is their area of focus.

STRATEGY

PSG Wealth's overall strategy offers an innovative and holistic end-to-end client proposition. We continue to invest in people (including the recruitment of experienced specialists) and in technology with the aim of enhancing user functionality to improve our client experience and product offering. Advisers play a key role in client feedback on the enhancement of our platform and product capabilities. Management is proud of both the accelerated growth and calibre of new advisers that have joined the business. PSG Wealth has recently invested heavily in enhancing the strength and depth of our in-house investment research team. This fully-fledged team has both fund and security investment research analysis capabilities. Our Wealth business is therefore well-placed to meet all the investment needs of our clients. We nevertheless relentlessly strive to improve both our client and service offering.

PSG Asset Management's strategy consists of three parts, namely investment excellence, operational efficiency, and effective sales and marketing initiatives. Generating the best long-term, risk-adjusted returns for investors is the division's primary focus. To this end, the division will continue to prioritise the investment team's performance while managing operational risks and processes. Increasing brand awareness, particularly in the retail investor market, is a key focus area for the marketing team, allowing the division to benefit from a growing investor base.

PSG Insure provides simple and cost-effective short-term insurance solutions to clients, protecting them from unforeseen events. Building critical expertise across underwriting, administration and adviser teams underpins the focus on providing value-added products that meet and exceed clients' expectations. The division continues to invest in its claims and administration departments. This is to build scale and unlock operational efficiencies while freeing up

valuable time for our top-calibre advisers to focus on client relationships, especially on the commercial lines' side of the business. The salary-based adviser distribution force is mostly converted onto the entrepreneurial best-of-breed partnership model. This allows our advisers to operate their own businesses independently under the PSG brand and benefit from the central services provided. Key central services provided include compliance, finance, human resources (HR), IT, marketing and risk management.

Careful attention is paid to the group's cost structure, as each division grows, in particular to the cost-to-income ratio. Building a cost-efficient and scalable business is a key priority for the board. The management team is committed to continuously investing in technology as a key enabler to achieve efficiency, automation and ultimately our growth objectives.

RECOGNITION, AWARDS AND ACHIEVEMENTS

The group is proud of the following notable milestones, achievements and industry awards:

- **PSG Wealth**
 - Ranked second in the 2016 Intellidex Wealth Manager of the Year competition.
- **PSG Asset Management**
(excluding individual fund awards)
 - Runner-up in the 2016 Raging Bull awards for South African Collective Investment Schemes Management Company and secured second place in the 2017 Morningstar South Africa Fund Awards in the best fund house – large fund range category.
- **PSG Insure**
 - Broker of the Year for both commercial lines, and assets and crop insurance in the 2016 Santam National Broker Awards.

BUSINESS LINE CLOSURE

During the year under review we decided to close our direct short-term business within PSG Insure and fixed income agency trading business within PSG Wealth. We continue to judge each business according to the sustainability of earnings and the return per unit of risk. In both cases these hurdles were not met. All relevant costs have been fully expensed in the normal course of business.

CREDIT RATING

Rating agency Global Credit Rating Co. (GCR) upgraded PSG Konsult's long-term and short-term ratings during 2016, to the investment grade ratings of A-(ZA) and A1-(ZA) respectively. GCR stated the following rationale for the rating: "PSG Konsult's upgrade reflects its conservative balance sheet fundamentals, risk profile and sound earnings capacity. The company has been successful in executing its business plan, which has seen its business profile continue to strengthen, supported by robust growth in revenue and earnings over recent years. This has followed the well-defined strategy to refocus on core operations, which has allowed for the capturing of additional margin in the asset management and insurance businesses, albeit still anchored by its traditional, uniquely positioned advisory network."

DMTN PROGRAMME

We are considering the establishment of a Domestic Medium Term Note (DMTN) programme that would provide us with a flexible cost-effective structure to internally fund our ScripFin loan book. Such a programme would enable us to issue listed debt instruments with various maturity profiles and to build a credible track record with debt instrument holders and the debt market.

SHAREHOLDERS

The company's demonstrable track record on executing and delivering on our strategic goals has enabled us to increase our institutional shareholder base and improve the liquidity of the PSG Konsult shares.

PEOPLE

PSG Konsult had 208 offices and 2 435 employees as at 28 February 2017. Financial planners, portfolio managers, stockbrokers and asset managers totalled 744. A further 435 were professional associates (accountants and attorneys). During the year under review, 33 new advisers were appointed through a combination of organic growth and selective adviser book acquisitions. We believe strongly in building our own future talent and have confidence in the investment in our graduate programme. We have made several key appointments within our wealth management team that will allow us to build on our success and take the business to the next level.

REGULATORY LANDSCAPE AND RISK MANAGEMENT

PSG Konsult, which has 19 regulatory licences (13 in South Africa and 6 in foreign jurisdictions), continues to foster good relationships with our regulators. Seven regulatory site visits were performed this past financial year. We are pleased with the overall feedback that we have received and we continue to position ourselves as early adopters to regulatory change.

MARKETING

Marketing initiatives are important to the group's goal of becoming a leader in the financial services industry. During the period under review, the specialist marketing team focused its efforts on embedding the 'Bigger Picture

Thinking' advertising campaign, increasing its public relations, digital exposure and adviser-hosted client events, and maintaining quality client communication. This is all with the objective of building the PSG brand within our chosen target markets. Responsible spend is critical and tightly controlled in line with the growth of the firm.

INFORMATION TECHNOLOGY

The integral role that technology plays in the daily operations of PSG Konsult cannot be underestimated. The scalability and efficiency of business functions are dependent on the state of its IT systems. It is for this reason that the group continues to invest in new and innovative technology as it seeks to incorporate further business process automation, reduce operational risk and provide real-time reporting for enhanced management decision-making. The group is confident that the IT strategy, which also includes robust disaster recovery and business continuity plans, will create a solid foundation for future growth.

ACQUISITIONS

The group concluded various asset-for-share transactions (utilising section 42 of the Income Tax Act) as well as further revenue sharing arrangements with its advisers during the financial year. This has allowed the group to standardise the revenue sharing model with additional advisers and has also given these advisers the opportunity to invest in the future of PSG Konsult. These transactions were settled through the issue of 14.9 million PSG Konsult shares and a R2.8 million cash payment. This contributed R11.3 million to headline earnings during the financial year, net of amortisation cost of R6.6 million.

LOOKING FORWARD

The group's aim remains to service existing clients well, and gain new clients. Current economic circumstances are uncertain, and volatility in investment markets remains. However, the group is confident that it will continue to build its client franchise despite this market outlook. A number of initiatives are in place to ensure this happens. The group's focus on products, platforms and client service excellence through the quality of its advice is proving to be a resilient strategy.

The cash-generative nature of the business enabled PSG Konsult to make a substantial investment in IT infrastructure and systems. The primary objective of this investment is to enhance the overall client experience and to improve the scalability and efficiency of the group's core IT-dependent business processes. The group will continue to prioritise organic growth in the domestic market, where it has a relatively low, but rapidly expanding market share. Cash flow generation remains strong, and the group will use this to fund current growth initiatives and to pay dividends consistent with its dividend policy.

EVENTS AFTER REPORTING DATE

No material events have taken place since the reporting date.

DIVIDEND

The board approved and declared a final gross dividend of 10.2 cents per share (2016: 8.8 cents per share) from income reserves. This follows the gross interim dividend of 5.1 cents per share (2016: 4.4 cents per share) declared in October 2016. This brings the total gross dividend declared for the 2017 financial year to 15.3 cents per share (2016: 13.2 cents per share). This is in line with the group's dividend payout policy as approved by the board of directors at the time of listing.

The dividend is subject to a South African dividend withholding tax (DWT) rate of 20% unless the shareholder is exempt from paying dividends tax or is entitled to a reduced rate in terms of the applicable double-tax agreement. Including DWT results in a net dividend of 8.16 cents per share. The number of issued ordinary shares is 1 322 100 026 at the date of this declaration. PSG Konsult's income tax reference number is 9550/644/07/5.

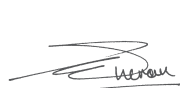

The following are the salient dates for payment of the dividend:

| | |
|----------------------------------|------------------------|
| Last day to trade (cum dividend) | Tuesday, 9 May 2017 |
| Trading ex dividend commences | Wednesday, 10 May 2017 |
| Record date | Friday, 12 May 2017 |
| Date of payment | Monday, 15 May 2017 |

Share certificates may not be dematerialised or rematerialised between Wednesday, 10 May 2017, and Friday, 12 May 2017, both days included.

The board would like to extend its gratitude to all of the group's stakeholders, including shareholders, advisers, clients, business partners, management and employees, for their efforts and contributions during the past year.

Independent auditor's review report on condensed consolidated financial statements

TO THE SHAREHOLDERS OF PSG KONSULT LIMITED

We have reviewed the condensed consolidated financial statements of PSG Konsult Limited, set out on pages 9 to 30 of the PSG Konsult Limited Results Booklet, which comprise the condensed consolidated statement of financial position as at 28 February 2017 and the related condensed consolidated income statement, condensed consolidated statement of comprehensive income, condensed consolidated statement of changes in equity and condensed consolidated statement of cash flows for the year then ended, and selected explanatory notes.

DIRECTORS' RESPONSIBILITY FOR THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

The directors are responsible for the preparation and presentation of these condensed consolidated financial statements in accordance with the JSE Limited's (JSE) requirements for summary financial statements, as set out in note 2 to the financial statements, and the requirements of the Companies Act of South Africa as applicable to summary financial statements, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

AUDITOR'S RESPONSIBILITY

Our responsibility is to express a conclusion on these financial statements. We conducted our review in accordance with International Standard on Review Engagements (ISRE) 2410, which applies to a review of historical financial information performed by the independent auditor of the entity. ISRE 2410 requires us to conclude whether anything has come to our attention that causes us to believe that the financial statements are not prepared in all material respects in accordance with the applicable financial reporting framework. This standard also requires us to comply with relevant ethical requirements.

A review of financial statements in accordance with ISRE 2410 is a limited assurance engagement. We perform procedures, primarily consisting of making inquiries of management and others within the entity, as appropriate, and applying analytical procedures, and evaluate the evidence obtained. The procedures performed in a review are substantially less than those performed in an audit conducted in accordance with International Standards on Auditing. Accordingly, we do not express an audit opinion on these financial statements.

CONCLUSION

Based on our review, nothing has come to our attention that causes us to believe that the condensed consolidated financial statements of PSG Konsult Limited for the year ended 28 February 2017 is not prepared, in all material respects, in accordance with the JSE's requirements for summary financial statements, as set out in note 2 to the financial statements, and the requirements of the Companies Act of South Africa as applicable to summary financial statements.

Notes to the statement of cash flows:

The movement in cash (utilised in)/generated by operations can vary significantly as a result of daily fluctuations in cash linked to investment contracts, cash held by the stockbroking business and cash utilised for the loan facility obtained by PSG Wealth on the loan facilities provided to clients on their share portfolios at PSG Securities Limited. PSG Life Limited, the group's linked insurance company, issues linked policies to policyholders (where the value of policy benefits is directly linked to the fair value of the supporting assets). When these policies mature, the company raises a debtor for the money receivable from the third-party investment provider, and raises a creditor for the amount owing to the client. Timing difference occurs at month-end where the money was received from the third-party investment provider, but only paid out by the company after month-end, resulting in significant fluctuations in the working capital of the company. Similar working capital fluctuations occur at PSG Securities Limited, the group's stockbroking business, mainly due to the timing of the close of the JSE in terms of client settlements. Refer to note 6.7 for the impact of the client-related balances on the cash flows from operating activities.

Notes to the condensed consolidated financial statements for the year ended 28 February 2017

1. REPORTING ENTITY

PSG Konsult Limited is a company domiciled in the Republic of South Africa. The condensed consolidated financial statements of the company as at and for the year ended 28 February 2017 comprise the company and its subsidiaries (together referred to as the 'group') and the group's interests in associated companies and joint ventures.

2. BASIS OF PREPARATION

The condensed consolidated preliminary financial statements are prepared in accordance with the Listings Requirements of the JSE Limited (JSE) and the requirements of the Companies Act, No. 71 of 2008, as amended, applicable to condensed financial statements. The JSE requires condensed financial statements to be prepared in accordance with the framework concepts and the measurement and recognition requirements of International Financial Reporting Standards (IFRS), the South African Institute of Chartered Accountants (SAICA) Financial Reporting Guides as issued by the Accounting Practices Committee and Financial Pronouncements as issued by the Financial Reporting Standards Council and also, as a minimum, to contain the information required by IAS 34 – Interim Financial Reporting. The accounting policies applied in the preparation of the consolidated financial statements, from which the condensed consolidated financial statements were derived, are in terms of IFRS and are consistent with those accounting policies applied in the preparation of the previous consolidated annual financial statements.

3. PREPARATION

The condensed consolidated preliminary financial statements are the responsibility of the board of directors of the company. These condensed consolidated preliminary financial statements were prepared by Stephan van der Merwe, CA(SA), under the supervision of the chief financial officer, Mike Smith, CA(SA). PSG Konsult's external auditor, PricewaterhouseCoopers Inc., reviewed these condensed consolidated preliminary financial statements and their unmodified review opinion is presented on page 8. Any reference to future financial performance included in these condensed consolidated preliminary financial statements has not been reviewed by or reported on by the company's auditor.

4. ACCOUNTING POLICIES

The accounting policies applied in the preparation of these condensed consolidated financial statements are in terms of IFRS and are consistent with those accounting policies applied in the preparation of the previous consolidated annual financial statements as at and for the year ended 29 February 2016.

The following new accounting standards and amendments to IFRS, as issued by the International Accounting Standards Board (IASB), which were relevant to the group's operations, were effective for the first time from 1 March 2016:

- Amendments to IAS 1 – Presentation of financial statements – Disclosure initiative
- Amendment to IAS 16 – Property, plant and equipment and IAS 38 – Intangible assets – Clarification of acceptable methods of depreciation and amortisation
- Annual Improvements 2012-14 cycle

These revisions have not resulted in material changes to the group's reported results and disclosures in these condensed consolidated financial statements.

The following new or revised IFRSs and interpretations that are applicable to the group have effective dates applicable to future financial years and have not been early adopted:

- Amendment to IAS 7 – Statement of cash flows (effective 1 January 2017)
- Amendment to IFRS 4 – Insurance contracts (effective 1 January 2018)
- IFRS 9 – Financial instruments (effective 1 January 2018)
- IFRS 15 – Revenue from contracts with customers (effective 1 January 2018)
- IFRS 16 – Leases (effective 1 January 2019)

5. USE OF ESTIMATES AND JUDGEMENTS

In preparing these condensed consolidated financial statements, the significant judgements made by management in applying the group's accounting policies and the key sources of estimation uncertainty were the same as those that applied to the consolidated annual financial statements for the year ended 29 February 2016.

6. SEGMENT INFORMATION

The composition of the reportable segments represents the internal reporting structure and the monthly reporting to the chief operating decision-maker (CODM). The CODM for the purpose of IFRS 8 – Operating segments has been identified as the chief executive officer, supported by the group management committee (Manco). The group's internal reporting structure is reviewed in order to assess performance and allocate resources. The group is organised into three reportable segments, namely:

- PSG Wealth – *deriving income mainly from total managed assets and total platform assets*
- PSG Asset Management – *deriving income mainly from total assets under management and administration*
- PSG Insure – *deriving income mainly from written premiums and underwriting*

Corporate support costs refer to a variety of services and functions that are performed centrally for the individual business units within each business segment, as well as housing the group's executive office. Besides the traditional accounting and secretarial services provided to group divisions and subsidiaries, the corporate office also provides legal, risk, IT, marketing, HR, payroll, internal audit and corporate finance services. The strategic elements of IT, in terms of both services and infrastructure, are also centralised in the corporate office. The corporate costs are allocated to the three reportable segments.

6.1 Description of business segments

PSG Wealth, which consists of five business units – Distribution, Securities, LISP and Life Platform, Multi Management and Employee Benefits – is designed to meet the needs of individuals, families and businesses. Through its highly skilled wealth managers, PSG Wealth offers a wide range of personalised services (including portfolio management, stockbroking, local and offshore investments, estate planning, financial planning, local and offshore fiduciary services, multi-managed solutions and retirement products). The Wealth offices are fully equipped to deliver a high-quality personal service to customers.

PSG Asset Management is an established investment management company with a proven investment track record. It offers investors a simple, but comprehensive range of local and global investment products. The division's products include both local and international unit trust funds.

PSG Insure, through its registered insurance brokers and PSG's short-term insurance company, Western National Insurance Company Limited, offers a full range of tailor-made short-term insurance products and services from personal (home, car and household insurance) to commercial (business and agri-insurance) requirements. To harness the insurance solutions available to customers effectively, the division's expert insurance specialists, through a strict due diligence process, will simplify the selection process for the most appropriate solution for its clients. In addition to the intermediary services which PSG Insure offers, Short-Term Administration supports clients through the claim process, administrative issues and general policy maintenance, including an annual reappraisal of their portfolio.

The CODM considers the performance of reportable segments based on total core income as a measure of growth and headline earnings as a measure of profitability. In order to evaluate the core results of the group, the CODM segregates the income statement by eliminating the impact of the linked investment policies issued and the consolidation of the collective investment schemes from the core operations in the group.

A subsidiary of the group, PSG Life Limited, is a linked insurance company that issues linked policies to policyholders (where the value of policy benefits is directly linked to the fair value of the supporting assets), and as such does not expose the group to the market risk of fair value adjustments on the financial asset as this risk is assumed by the policyholder.

The group consolidates collective investment schemes, in terms of IFRS 10 – Consolidated financial statements, over which the group has control. The consolidation of these funds does not impact total earnings, comprehensive income, shareholders' funds or the net asset value of the group; however, it requires the group to recognise the income statement impact as part of that of the group.

In order to reflect the information now used by the CODM, the impact of the linked investment policies issued and the consolidation of the collective investment schemes has been excluded from the income per reportable segment (note 6.3) and the divisional income statement (note 6.4). The new segmental divisional income statement now reflects the core business operations, with a reconciliation to the IFRS income statement included in note 6.6. This change had no impact on the current or prior year reported earnings, diluted earnings or headline earnings per share, or on the net asset value or net cash flows.

* Headline earnings, calculated in terms of the requirements stipulated in Circular 2/2015 as issued by SAICA, comprise recurring and non-recurring headline earnings. Recurring headline earnings are calculated by excluding non-recurring headline earnings to increase comparability of the performance of the group from one year to another. Non-recurring headline earnings include one-off gains and losses and the resulting tax charge on these items.

* Finance costs in the PSG Wealth division consist mainly of the finance charge on the loan facilities provided to clients on their share portfolios at PSG Securities (secured by the underlying JSE Top 100 equity securities held in excess of four times the value of the loan facilities) on which PSG Wealth receives a margin. The finance costs of R26.9 million (2016: R38.3 million) consist of R15.3 million (2016: R29.2 million) on the loan facilities, with the remaining portion of the finance charge on the CFD margin and the bank overdrafts.

** Comparative figures have been restated to exclude the impact of the linked investment policies issued and the consolidation of the collective investment schemes.

6.5 Statement of financial position (client vs own)

In order to evaluate the consolidated financial position of the group, the CODM segregates the statement of financial position of the group between own balances and client-related balances.

Client-related balances represent the investment contract liabilities and related linked client assets of PSG Life Limited, the broker and clearing accounts, and the settlement control accounts of the stockbroking business, the collective investment schemes consolidated under IFRS 10 – Consolidated financial statements and corresponding third-party liabilities, the short-term claim control accounts and related bank accounts, as well as the contracts for difference assets and related liabilities.

12. OTHER ACQUISITIONS

For the year ended 28 February 2017

Standardising of revenue sharing model

The group (through its subsidiaries PSG Wealth Financial Planning Proprietary Limited and PSG Multi Management Proprietary Limited) concluded various asset-for-share transactions (utilising section 42 of the Income Tax Act) as well as further revenue sharing arrangements with a number of its advisers during the financial year. The purpose of these transactions was to standardise the revenue sharing arrangements between the advisers and PSG Konsult.

The consideration was paid with the issue of PSG Konsult shares (14.9 million shares at an average of R6.86 per share) and a cash consideration of R2.8 million on the effective dates. These transactions did not qualify for accounting in terms of IFRS 3 – Business Combinations as the assets acquired (the right to an increased share in the income stream of the adviser) did not constitute a business acquired.

These transactions contributed R11.3 million to our headline earnings during the 2017 financial year, net of amortisation cost of R6.6 million.

For the year ended 29 February 2016

Standardising of revenue sharing model

During the 2016 financial year, the group, through its subsidiaries PSG Wealth Financial Planning Proprietary Limited and PSG Corporate Financial Planning Proprietary Limited, concluded further revenue-sharing arrangements with a number of its advisers for a cash consideration of R17.6 million.

These transactions contributed R1.5 million to our headline earnings during the 2016 financial year.

Notes to the condensed consolidated financial statements

for the year ended 28 February 2017

13. FINANCIAL RISK MANAGEMENT

The group's activities expose it to a variety of financial risks: market risk (including price risk, foreign currency risk, cash flow risk and fair value interest rate risks), credit risk and liquidity risk. Insurance activities expose the group to insurance risk (including pricing risk, reserving risk, underwriting risk and reinsurance risk). The group is also exposed to operational risk and legal risk.

The capital risk management philosophy is to maximise the return on shareholders' capital within an appropriate risk framework.

The condensed consolidated financial statements do not include all risk management information and disclosure required in the annual financial statements and should be read in conjunction with the group's annual financial statements as at 28 February 2017.

There have been no changes in the group's financial risk management objectives and policies since the previous financial year-end.

Market risk (price risk, foreign currency risk and interest rate risks)

Market risk is the risk of adverse financial impact due to changes in fair values or future cash flows of financial instruments from fluctuations in interest rates, equity prices and foreign currency exchange rates.

A portion of the policyholders' and shareholders' investments are valued at fair value and are therefore susceptible to market fluctuations.

With regard to the subsidiary, PSG Life Limited, this company only invests assets into portfolios that are exposed to market price risk that matches linked policies to policyholders (where the value of policy benefits is directly linked to the fair value of the supporting assets), and as such does not expose the business to the market risk of fair value adjustments on the financial asset as this risk is assumed by the policyholder. Fees charged on this business are determined as a percentage of the fair value of the underlying assets held in the linked funds which are subject to equity and interest rate risk. As a result, the management fees fluctuate, but cannot be less than nil.

Included in the equity securities of R2 256.9 million (2016: R1 747.7 million) are quoted equity securities of R2 256.6 million (2016: R1 747.5 million), of which R2 154.9 million (2016: R1 661.7 million) relates to investments in linked investment contracts. The price risk of these instruments is carried by the policyholders of the linked investment contracts.

Debt securities linked to policyholder investments amounted to R443.3 million (2016: R783.2 million) and do not expose the group to interest rate risk; cash and cash equivalents linked to policyholder investments amounted to R14.2 million (2016: R114.9 million) and do not expose the group to interest rate risk.

Fair value estimation

The information below analyses financial instruments, carried at fair value, by level of hierarchy as required by IFRS 13 – Fair value measurement. The different levels have been defined as follows:

- quoted prices (unadjusted) in active markets for identical assets or liabilities (level 1);
- input other than quoted prices included within level 1 that is observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices) (level 2); and
- input for the asset or liability that is not based on observable market data (that is, unobservable input) (level 3).

There have been no significant transfers between level 1, 2 or 3 during the financial year under review.

13. FINANCIAL RISK MANAGEMENT (continued)

Fair value estimation (continued)

The table below analyses financial assets and liabilities which are carried at fair value by valuation method. There were no significant changes in the valuation techniques and assumptions applied since 29 February 2016.

Valuation techniques and main assumptions used in determining the fair value of financial assets and liabilities classified within level 2 can be summarised as follows:

| Instruments | Valuation techniques | Main assumptions |
|--|---|---|
| Derivative financial instruments | Exit price on recognised over-the-counter (OTC) platforms | Not applicable |
| Debt securities | Valuation model that uses the market input (yield of benchmark bonds) | Bond interest rate curves Issuer credit ratings Liquidity spreads |
| Unit-linked investments | Quoted put (exit) price provided by the fund manager | Not applicable – prices are publicly available |
| Investment in investment contracts | Prices are obtained from the insurer of the particular investment contract | Not applicable – prices provided by registered long-term insurers |
| Investment contract liabilities – unit-linked | Current unit price of underlying unitised financial asset that is linked to the liability, multiplied by the number of units held | Not applicable |
| Third-party financial liabilities arising on the consolidation of mutual funds | Quoted put (exit) price provided by the fund manager | Not applicable – prices are publicly available |

The fair value of financial assets and liabilities measured at fair value in the statement of financial position can be summarised as follows:

13. FINANCIAL RISK MANAGEMENT (continued)

Fair value estimation (continued)

The following table presents the changes in level 3 financial instruments during the reporting periods under review:

| | Reviewed 28 Feb 17 R000 | Audited 29 Feb 16 R000 |
|--|-------------------------------|------------------------------|
| ASSETS | | |
| Carrying value at 1 March | 1 309 224 | 1 117 501 |
| Additions | 192 189 | 392 791 |
| Disposals | (423 345) | (761 413) |
| Gains recognised in profit and loss* | 31 532 | 560 345 |
| Carrying value at 28/29 February | 1 109 600 | 1 309 224 |
| LIABILITIES | | |
| Carrying value at 1 March | 1 304 281 | 1 120 109 |
| Additions | 250 598 | 406 434 |
| Disposals | (449 047) | (784 529) |
| Losses recognised in profit and loss** | 31 548 | 562 267 |
| Carrying value at 28/29 February | 1 137 380 | 1 304 281 |

* Gains on these items were recognised in profit and loss under the line item 'net fair value gains and losses on financial instruments'.

** Losses recognised in profit and loss were recognised in the line item 'fair value adjustment to investment contract liabilities'.

Unit-linked investments represent the largest portion of the level 3 financial assets and relate to units held in hedge funds and are priced monthly. The prices are obtained from the asset managers of the particular hedge funds. These are held to match investment contract liabilities, and as such any change in measurement would result in a similar adjustment to investment contract liabilities. Therefore, the group's overall profit or loss is not materially sensitive to the input of the models applied to derive fair value.

Trade and other payables classified within level 3 have significant unobservable inputs, as the valuation technique used to determine the fair values takes into account the probability (at each reporting period) that the contracted party will achieve the profit guarantee as stipulated in the business agreement.

13. FINANCIAL RISK MANAGEMENT (continued)

Fair value estimation (continued)

The table below summarises the carrying amounts and fair values of financial instruments not presented on the statement of financial position at fair value, for which their carrying values do not approximate their fair values:

| | Reviewed 28 Feb 17 R000 | Audited 29 Feb 16 R000 |
|------------------------------------|-------------------------------|------------------------------|
| ASSETS | | |
| Debt securities – held-to-maturity | | |
| – Carrying value | 144 092 | 321 441 |
| – Fair value | 141 481 | 333 175 |
| Investment in investment contracts | | |
| – Carrying value | – | 42 662 |
| – Fair value | – | 42 707 |
| Total assets | | |
| – Carrying value | 144 092 | 364 103 |
| – Fair value | 141 481 | 375 882 |
| LIABILITIES | | |
| Investment contracts | | |
| – Carrying value | 144 092 | 364 103 |
| – Fair value | 141 481 | 375 882 |

The fair value of the financial assets and liabilities in the table above is categorised in terms of level 2 (2017: Rnil, 2016: R265.3 million) and level 3 (2017: R141.5 million, 2016: R110.6 million).
