Investment objective and Strategy	To invest in worldwide equities with the aim of outperforming the average of the world's equity markets (the "Benchmark"). The Sub-Fund's will seek to achieve its investment objective primarily through investing in securities listed on recognised exchanges around the world. It is designed to remain substantially invested in global equities and will thus be exposed to all risk and rewards of the global equities as selected.	To achieve superior medium- to long-term capital growth through exposure to selected sectors of the global equity, bond and money markets. The asset allocation will be actively managed and the selected sectors of the equity portion of the Sub-Fund's portfolio will change from time to time in accordance with changing market conditions and economic trends.	To outperform the average of the world's equity markets, as represented by the MSCI Daily Total Return Net World USD Index (in ZAR). The portfolio will feed solely into the PSG Global Equity Sub-Fund and will attempt to reduce the comparative risk of loss over an investment period of four or more years. The portfolio aims to achieve capital growth over the long-term, with the generation of income not being a main objective of the portfolio.	To achieve superior medium- to long-term capital growth through exposure to selected sectors of the global equity market, and/or bond market and/or money market. The portfolio is a Rand denominated Feeder Fund, feeding solely into the PSG Global Flexible Sub-Fund denominated in US Dollars and a sub-fund of PSG International SICAV plc. The fund will mainly invest in equities, debt instruments or money market instruments and exposure will vary in accordance with changing markets and economic trends.

Disclaimer: PSG GLOBAL EQUITY FEEDER FUND and PSG GLOBAL FLEXIBLE FEEDER FUND: A feeder fund is a portfolio which, apart from assets in liquid form, invests in a single portfolio of a collective investment scheme, which levies its own charges and which could result in a higher fee structure for the feeder fund. Collective Investment Schemes in Securities (CIS) are generally medium to long-term investments. The value of participatory interests (units) or the investment may go down as well as up and past performance is not a guide to future performance. CIS are traded at ruling prices and can engage in borrowing and script lending. Prices are published daily and available on the website www.psg.co.za and in the daily newspapers. Fluctuations or movements in the exchange rates may cause the value of underlying international investments to go up or down. Fees: A schedule of fees and charges and maximum commissions is available on request from PSG Collective Investments (RF) Limited. Commission and incentives may be paid and, if so, are included in the overall costs. Forward pricing is used. The portfolios may be capped at any time in order for them to be managed in accordance with their mandate. Different classes of Participatory Interest can apply to these portfolios and are subject to different fees, charges and possibly dividend withholding tax and will thus have differing performances. Performance is calculated for the portfolio and individual investor performance may differ as a result thereof. All performance data for a lump sum, net of fees, include income and assumes reinvestment of income on a NAV-NAV basis. Annualized performances show longer term performance rescaled over a 12 month period. Individual performance may differ as a result of initial fees, the actual investment date, the date of reinvestment and dividend withholding tax. The portfolio is valued at 15h00 daily. Income distributions are net of any applicable taxes. Source of performance: Figures quoted are from Morningstar Inc. Cut-off times: The cut-off time for processing investment transactions is 14h30 daily. Where foreign securities are included in a portfolio, the portfolio is exposed to risks such as potential constraints on liquidity and the repatriation of funds, macroeconomic, political, foreign exchange, tax, settlement and potential limitations on the availability of market information. TER: The TER is the percentage of the Fund's average assets under management that have been used to pay the Fund's operating expenses over the period as indicated on page 1. The TER includes the annual management fees that have been charged, VAT and other expenses. A higher TER ratio does not necessarily imply a poor return, nor does a low TER imply a good return. The current TER cannot be regarded as an indication of future TER's. Additional information is available free of charge on the website and may include publications, brochures, application forms and annual reports. Company details: PSG Collective Investments (RF) Limited is registered as a CIS Manager with the Financial Services Board, and a member of the Association of Savings and Investments South Africa (ASISA) through its holdings company PSG Konsult Limited. The management of the portfolio is delegated to PSG Asset Management (Pty) Ltd, an authorized Financial Services Provider under the Financial Advisory and Intermediary services Act 2002.
