#### 11. Participating jurisdiction

A 'participating jurisdiction' means a jurisdiction with which an intergovernmental or competent authority agreement is in place pursuant to which it will provide the information required on the automatic exchange of financial account information as set out in the CRS.

#### 12. Managed by

An entity is 'managed by' another entity if the managing entity performs, either directly or through another service provider on behalf of the managed entity, any of the activities or operations described in (i) of the definition of 'investment entity'.

An entity manages another entity only if it has discretionary authority to manage the other entity's assets (either in whole or part).

Where an entity is managed by a mix of financial institutions, non-financial entities or individuals, the entity is considered to be managed by the financial institution, being the entity that is a depository institution, a custodial institution, a specified insurance company or an entity described in (i) of the definition of 'investment entity', as the case may be.

Where the entity is located in a non-participating jurisdiction and managed by another financial institution, it is treated as passive non-financial entity.

### 16. Specified insurance company

### 17. Global Intermediary Identification Number (GIIN)

The Global Intermediary Identification Number is issued by the US Internal Revenue Service (IRS) via the IRS registration portal.

All participating foreign financial institutions need to register with the IRS to obtain a GIIN.

It applies to financial institutions that have adopted FATCA either through an intergovernmental agreement or as a choice, being a Model 2 foreign financial institution.

Certain deemed-compliant or non-reporting financial institutions must also obtain a GIIN.

The GIIN is a unique reference number that has a specific format and is issued to identify each financial institution. Each Section has a particular meaning, for example, it tells you whether the financial institution is part of a bigger group or whether the financial institution is a sponsoring entity. It also identifies the financial institution jurisdiction of residence in which it maintains a branch that is not treated as a 'limited' branch.

### 18. Non-participating foreign financial institution (NPFFI)

'Non-participating foreign financial institution' means a financial institution that has not agreed to comply with the due diligence requirements of FATCA and, as a result, has not registered on the US Internal Revenue Service portal. Under FATCA, a non-participating foreign financial institution will be reported and any US source income that is fixed or determinable (such as dividends or interest) and that is annual or periodical (FDAP), will be subject to 30% withholding.

### 19. IRS W-8BEN-E

This form is the Certificate of Status of Beneficial Owner for United States Tax Withholding and Reporting (Entities) and is used by foreign entities to document their status for purposes of chapter 3 and chapter 4 of the US Internal Revenue Service's Internal Revenue Code as well as other code provisions.

### 20. Control

'Control' over an entity is generally exercised by the natural person(s) who ultimately has/have a controlling ownership interest in the entity.

Where no natural person(s) exercise(s) control through ownership interests, the controlling person(s) of the entity will be the natural person(s) who exercise(s) control over the entity through other means.

Where no natural person(s) is/are identified as exercising control of the entity through ownership interests, the reportable person will be deemed to be the natural person holding the position of senior managing official.

### 21. IRS W-9

This form is to be used:

- only if the person is a US person (including a resident alien).
- to request a person's taxpayer identification number (TIN) (the form acts as a certification).

## 22. Taxpayer Identification Number (TIN) (including functional equivalent)

A 'taxpayer identification number' is a unique combination of letters or numbers assigned by a jurisdiction to an individual or entity to identify the individual or entity for the purposes of administering the tax laws of such jurisdiction.

In some jurisdictions taxpayer identification numbers are not issued. In such cases, instead of the taxpayer identification number, a functional equivalent can be issued, such as a high integrity number with an equivalent level of identification.

## 23. Active non-financial entity (NFE)

Any non-financial entity can be an 'active non-financial entity', provided that it meets any of the criteria listed below.

In summary, those criteria refer to:

An entity will be classified as an 'active non-financial entity' if it meets any of the following criteria:

- Less than 50% of the non-financial entity's gross income for the preceding calendar year or other appropriate reporting period is passive income and less than 50% of the assets held by the non-financial entity during the preceding calendar year or other appropriate reporting period are assets that produce, or are held for the production of passive income.

- The non-financial entity is a governmental entity, an international organisation, a central bank or an entity that is wholly owned by one or more of the foregoing.
- Substantially all of the activities of the non-financial entity consist of holding (in whole or in part) the outstanding stock of, or providing financing and services to, one or more subsidiaries that engage in trades or businesses other than the business of a financial institution, except that an entity does not qualify for this status if the entity functions as (or holds itself out to be) an investment fund, such as a private equity fund, venture capital fund, leveraged buyout fund or any investment vehicle whose purpose is to acquire or fund companies and then hold interests in those companies as capital assets for investment purposes.
- The non-financial entity is not yet operating a business and has no prior operating history, but is investing capital into assets with the intent to operate a business other than that of a financial institution, provided that the non-financial entity does not qualify for this exception after a date that is 24 months after a date of the initial organisation of the non-financial entity.
- The non-financial entity was not a financial institution in the past five years, and is in the process of liquidating its assets or is reorganising with the intent to continue or recommence operations in a business other than that of a financial institution.
- The non-financial entity primarily engages in financing and hedging transactions with, or for, related entities that are not financial institutions, and does not provide financing or hedging services to any entity that is not a related entity, provided that the group of any such related entities is primarily engaged in a business other than that of a financial institution.
- The non-financial entity meets all of the following requirements:
  - It is established and operated in its jurisdiction of residence exclusively for religious, charitable, scientific, artistic, cultural, athletic or educational purposes; or it is established and operated in its jurisdiction of residence and it is a professional organisation, business league, chamber of commerce, labour organisation, agricultural or horticultural organisation, civic league or an organisation operated exclusively for the promotion of social welfare; and
  - it is exempt from income tax in its jurisdiction of residence; and
  - it has no shareholders or members who have a proprietary or beneficial interest in its income or assets; and
  - the applicable laws of the non-financial entity jurisdiction of residence or the non-financial entity's formation documents do not permit any income or assets of the non-financial entity to be distributed to, or applied for the benefit of, a private person or non-charitable entity other than pursuant to the conduct of the non-financial entity's charitable activities, or as payment of reasonable compensation for services rendered, or as payment representing the fair market value of the property the non-financial entity has purchased; and
  - the applicable laws of the non-financial entity's jurisdiction of residence or the non-financial entity's formation documents require that, on the non-financial entity's liquidation or dissolution, all of its assets be distributed to a governmental entity or other non-profit organisation, or escheat to the government of the non-financial entity's jurisdiction of residence or any political subdivision thereof.

## 24. Related/Related entity

An entity is a 'related entity' of another entity if either entity controls the other entity, or the two entities are under common control. For the purpose of this definition, control includes direct or indirect ownership of more than 50% of the value in an entity or a holding of more than 50% of the voting shares in an entity.

## 25. International organisation

An 'international organisation' is an organisation with an international membership, scope or presence. There are two main types:

#### 27. Other active non-financial entity (NFE)

Other active non-financial entities are those entities that were not specifically identified in points 6.1 to 6.6 of the CRS and FATCA – Entity Self-certification form, such as:

- a holding non-financial entity that is a member of a non-financial group; or
- a start-up non-financial entity; or
- a non-financial entity that is either liquidating or emerging from bankruptcy; or
- a treasury centre that is a member of a non-financial group.

#### 28. Passive non-financial entity

A 'passive non-financial entity' is a non-financial entity of which 50% of its income is passive and more than 50% of its assets for the last financial year are in the form of passive investments.

A passive non-financial entity is:

- any non-financial entity that is not an active non-financial entity, and
- an investment entity resident in a non-participating jurisdiction and is managed by a financial institution.

However, if this entity is a corporate and is part of a group that is listed and whose shares are frequently traded on a regulated stock exchange, then it will default to an active non-financial entity.

'Passive income' means that portion of gross income consisting of:

- dividends, including substitute dividend amounts;
- interest;
- income equivalent to interest;
- rents and royalties, other than rents and royalties derived in the active conduct of a trade or business conducted, at least in part, by employees of the non-financial entity;

  - the excess of foreign currency gains over foreign currency losses;
  - net income from notional principal contracts;
  - amounts received under a cash value insurance contract; or

The term 'reportable account' means an account held by one or more reportable person(s) or by a passive non-financial entity where one or more controlling persons is/are a reportable person(s), provided it has been identified as such pursuant to the prescribed due diligence procedures.

The term 'reportable person(s)' means all individuals or entities that are defined as specified US persons or an individual or entity that is resident in a reportable jurisdiction under the tax laws of such jurisdiction, or an estate if a descendant that was resident of a reportable jurisdiction.

The term 'reportable jurisdiction' means any jurisdiction other than US or South Africa.
